Dry Streets Could Hit Mosquito Blow

Paving, Scientific Drainage Are Answer to Pest Problem

By Jack DeLong

More paved streets, more dry gravelled roads and ample scientific drainage would cut Edmonton's "man-eating" mosquito population by 75 per cent.

In short, Edmonton could solve two pressing problems at one and the same time—provide good, dry streets for her citizens and deliver a near knockout blow to the mosquito pest.

A planned, permanent program of mosquito abatement carried out without a letup for two years, would prevent a recurrence of this summer's heavy infestation in the opinion of provincial entomologist, J. H. Brown.

The solution to Edmonton's mosquito problem is fairly simple, asserts Mr. Brown, who has studied, at first hand, the most modern scientific methods of battling the pest in the Southern United States. He detailed the main steps necessary to make the lives of Edmonton's citizens worth living out-of-doors once again.

Drainage is the Key

"First of all," the expert said, "it must be understood that drainage is the key to victory in the battle against the mosquito."

Spur-dike attempts at spraying pools and ditches with oil in the spring is at best only a temporary expedient that does little real good, he contends.

Recalling that mosquitoes defeated the first attempt to build the Panama Canal, Mr. Brown points out that drainage of the swamp-land grounds of the mosquito in Panama made possible the second and successful attempt.

"Edmonton is highly favored for a scientific battle against the mosquito because almost every city street and high ground above the river, drainage should never be much of a problem. Storm sewers should carry most surface water to the river," observed entomologist Brown.

First, it is necessary to set up a well-planned mosquito abatement program. The man in charge should understand all about mosquitoes, their breeding habits and the places they are likely to breed.

Next would come a comprehensive survey, followed by a mapping of all the low lying places.

This could be done in the fall of the year or at practically any time with the exception of the winter months.

Pin-Point Depressions

Then in the spring of the year another survey would indicate where the water is lying and all water filled depressions pin-pointed.

City engineers, working in co-operation with the mosquito-abatement officials, would then advise where drainage or filling could be carried out.

Where it is impractical to either drain or fill, pools that contain mosquito larvae should be sprayed with oil and DDT. This oiling process must be repeated at intervals and particularly after every rain. Rain breaks the oil film and permits the larvae to breathe and feed.

This is probably the most expensive part of a long-term mosquito-abatement program, Mr. Brown points out.

On the other hand the drainage and ditching looks the most costly in the first place. Many cities go on collecting money every year for spraying and pay no attention to drainage.

"This is just wasting money because very little control can be attained this way," he declared.

Mosquitoes cannot be eliminated entirely but the nuisance can be controlled to a degree where it is no real problem.

"Can Be Licked Here"

"This problem has been licked in many cities of the United States and can be licked in Edmonton," the entomologist said.

He points to the great resort centers of Jasper and Banff where comprehensive planning has the mosquito menace well under control as examples that Edmonton could emulate.

Aside from the misery of bites, mosquitoes are potential disease carriers. Our Alberta mosquitoes carry sleeping sickness and rabbit fever germs.

Mr. Brown is certain the problem and its solution lies right within the boundaries of Edmonton.

Mosquitoes cannot fly more than five miles even with favorable winds and are stopped by tree belts, he says.

"We cannot blame Edmonton's huge mosquito population of this summer on sloughs and lakes miles distant from the city," he said.

"If mosquito breeding grounds are eliminated we can reduce the nuisance by at least 75 per cent within two years. This would mean that in following seasons with a lot of snow water we would have only a mild visitation. In ordinary years the mosquitoes would be scarcely noticeable."

Mosquitoes cannot exist without water.

Winter Can't Hurt 'Em

Severe Canadian winters cannot destroy them because most of our mosquitoes exist over winter as eggs or larvae.

The female mosquito lays her eggs in water, usually right at the edge of a pool or ditch.

An egg hatches into the larva soon after the water warms up in the spring. The larva is the familiar wriggler and can be easily detected by the naked eye in the water. The larva lives on the organic matter in the water.

The next stage is the pupa. Then the adult mosquito is inside a case that wriggles its way out of the water. The adult mosquito breaks from the case and is ready for the dirty business of life.

Length of time required to produce an adult mosquito from the egg varies according to water temperature. In the heat of summer the whole process is usually completed within three weeks. There are of course many generations of mosquitoes in one short summer as the full life of the adult is never more than 10 days.

Only the female mosquito requires blood, although both female and male will attack man and animals. The female must have blood in order to produce eggs.

As a form of life mosquitoes have a strong will to survive. If there is no water the female mosquito will lay her eggs in the dew on grass but, of course, these eggs will never become adult mosquitoes.

Israel Recognized

BUCHARIST, June 14.—(Reuters)—Rumania has recognized the state of Israel and informed the provisional government of the state accordingly, it was announced Saturday.

One Dead In Quake

ROME, June 14.—(AP)—An earthquake in the Areno zone of Tuscany yesterday killed a woman, injured four other persons and caused panic.

SUPPORTED BY LORETTA YOUNG

'Father' Whom Actress Had Never Seen Dies

HOLLYWOOD, June 14.—(AP)—Actress Loretta Young disclosed today that a man "who may have been my father" died last June 8.

The actress said she had been contributing to his support for 10 years or more.

The man, given the name of John V. Earle, died in the hospital of a stroke, aged 88.

Miss Young and members of the family had not seen her

father since he left them 31 years ago in Salt Lake City, the actress' agent said. The actress was three years old then.

In a statement Miss Young said: "As far as I know this man may have been my father. I never saw him. Ten or 12 years ago my parish priest came to me and said that a man who called himself Jack Earle and who said

he was my father had come to him needing help.

"I asked him the priest what I should do and he said the man's story seemed clear to him. So I told him to send the man to see my lawyer. An arrangement

was made for me to contribute to his expenses. I have thought ever since. I never heard further from him or until he just before the funeral."

super-sonic pilot is Capt. Charles E. Yeager, 25, of U.S. Air Force, who has flown new research plane

XS-1, "much faster than the speed of sound" several times, according to U.S. Air Secretary Symington.

Four teen-aged boys, with the pool to themselves, splashed joy-

fully in the water while women residents squealed at them from

dorms near the pool.

When police arrived in response to a call the boys were found

swimming themselves after the plunge.

They told the police the YMCA

4 Stricken With Typhoid

Fair, Warmer In the Cards For Weather

It's getting fair and warmer, the weatherman says, and we seem to be in for a spell of fairly good weather.

Temperatures in the 70s are the order of the day over the Edmonton region, with slight rainfalls slated for other parts of the province.

Weather synopses and official forecasts issued at 10 a.m. today by the Dominion public weather office at Edmonton valid until midnight Tuesday.

A few showers are expected to occur during the night in Western Alberta and in Central Saskatchewan. Cool air has moved into the Prince Albert region and will cover all of Saskatchewan by midnight tonight. Slightly cooler air is moving southward over the northern part of Alberta, but afternoon temperatures will remain in the low 70s, which is normal for this time of year. Shower activity will increase this afternoon, but no general rainfall is expected.

ROCKCASTS

Edmonton Region: Briefly Cloudy this afternoon, otherwise clear today and Tuesday; a few showers this afternoon. Light winds, little cooler, low tonight and high Tuesday, 50 and 70.

Red Deer Region: Cloudy today with a few showers or thunder storms, clearing this evening; briefly cloudy Tuesday afternoon, otherwise clear Tuesday; light winds, little change in temperature; low tonight and high Tuesday at Red Deer, 50 and 70.

Peace River Region: Briefly cloudy this afternoon, otherwise clear; a few showers this afternoon; clear Tuesday; winds northeast 15, dropping to light this evening; little change in temperature; low tonight and high Tuesday at Grande Prairie, 50 and 70.

Coronation Region: Variable clouds today with a few showers or thunder storms, briefly clear Tuesday afternoon, otherwise clear Tuesday; light winds, a little cooler, low tonight and high Tuesday, 51 and 70.

It Happened TODAY

People

Marshal Henri Philippe Petain, chief of the Vichy administration during the German occupation of France, is reported ill at his exile island off the west coast of France. Doctors examine him and report on his condition daily.

Hon. Joseph Edouard Perrault, former Quebec attorney-general, and Liberal member of the legislature for 22 consecutive years, died Sunday. He was a member of Liberal cabinets from 1919 until 1935.

MARSHAL PETAIN

In Italy, soccer fans watched Turin beat Genoa two-to-one, but took the game so seriously they refused to leave the field. Police finally used tear gas to disperse the mob.

In Bristol, England, stockman Charles Good of Coalpit Heath, Gloucestershire, found things almost too good. His 27-year-old wife gave birth to four girls ranging in weight from three pounds, 13 ounces to four pounds, eight ounces. Doctors say all have a good chance for survival.

Jimmy Frise, 57, cartoonist who created "Juniper Junction" died of a heart attack in his home in Toronto Sunday.

In Bloomington, Ind., convocation of the University of Indiana almost became a family affair for the Griffiths. Mrs. Ethel Griffiths won a MSc, her daughter, Kathryn, also an MSc, and her son, Charles, was awarded a BSc.

The two-year-old Brewster-Hughes tested on a plane today when movie-maker Howard Hughes offered Senator Owen Hughes a \$500-per-week salary as an actor. Said Hughes of Brewster: "No amateur. In fact, his ability as an actor has been well demonstrated." Hughes apparently referred to Brewster's accusations in the U.S. Senate.

Accident

Five persons were injured during and after motorcycle races at Simcoe Lake's Ont. Waasaga Beach resort. One rider had a mangled leg amputated, another a broken shoulder and a third a broken arm. A 19-year-old couple were injured when their motorcycle was in collision with a car after the races.

Entertainment

The British government has again cut the number of Hollywood films which can be shown in Britain to 45 per cent of features and 25 per cent of supporting films.

Crime

In Toronto, shooting suspect W. Harold Fieghen was arrested shortly before the wedding of his daughter. Police said he will be charged with the attempted murder of his wife Annie, who attended the wedding with a superficial 22 bullet wound. Fieghen was not present.

Ole A. Stenberg, Spokane old-time powder monkey, said he got tired of being arrested for drunkenness, tied seven sticks of dynamite and a detonating apparatus to himself and went on a spree. Police finally arrested him after a bartender slipped him a "Mickey Finn."

In Cincinnati, 43-year-old Mrs. Mary Watts was accused of the slaying her 11-year-old daughter. Investigation was begun when doctors, puzzled by the girl's illness, refused to sign the death certificate. The exhumed body of her husband who died in 1944 showed that he, too, had been poisoned.

World

In Washington, the U.S. Supreme Court upheld contempt of Congress convictions against 11 members of the Joint Anti-Fascist Refugee Committee. The committee, says FBI Chief J. Edgar Hoover, is a Communist front organization.

In London, Labor MP Konni Zilluak, just back from a tour of eastern Europe, says there is less "terror" in Czechoslovakia against the Right, than there is in the U.S. against the Left.

A Czechoslovakian newspaper reported today that Russian engineers have found a method to stop the dropping of the level of the Caspian sea, which has gone down six feet in the past nine years. They plan to divert six northern Russian rivers into it.

In Port Williams, Ontario, Charles Cox, mayor of Port Arthur, said forest fires will exist as long as the government pays high wages to fire fighters. Reports by forest rangers that most fires are started by lightning, he said, are "so much eye-wash."

HOWARD HUGHES

In Hollywood, an offer.

The International Committee for the Study of European Questions, meeting in London, expressed the opinion that Russian armies could sweep to the Atlantic and Mediterranean in a "short space of time." However East-West war is not inevitable, they said.

Russian Foreign Minister V. M. Molotov's scheme to slash world armaments, laid before the UN assembly in a surprise move in 1946, is expected to be thrown out soon.

For the 65th time, the legal debt of Zion Evangelical church in Manheim, Pennsylvania, was paid. The debt was incurred when legendary "Baron" William Henry Steigel signed the deed 176 years ago. The payment: one red rose.

ACID INDIGESTION?
— we can help you!

If you're subject to acid indigestion, let Rennie Tablets help you. These pleasant-tasting Rennie are individually wrapped, you carry a few in pocket or handbag and take them any time or anywhere. At the first sign of discomfort, dissolve a "Rennie" in your mouth. Like candy—then take another. This simple treatment helps to reduce excess acid and relieve pain. Try Digestif-RENNIES—and remember: Rennie don't relieve: it's high time you saw how it does—25c and 75c at all drug stores.

Meat Markets Cutting Profits

(Continued from Page 1)
of business has fallen between 30 and 40 percent.
"Some of that is due to the regular summer slackening-off, but more than half it is due to people cutting down on meat purchases because of the high prices," the market men said.

PACKERS LOSING

Several markets said they made a greater profit during government price controls.
Most markets expect a rise in beef prices of about 5 cents per pound during the next week or so.

Packing plant officials in Edmonton told The Bulletin recently that they were losing a four-percent loss in higher grade lines of beef, but said they couldn't continue to absorb such a loss.
Many meat dealers contacted today by THE BULLETIN agreed with consumers' reaction to inflationary meat prices.

They support re-imposition of government price controls, but through some think that the rising price situation should be allowed to find its own level, with a probable resulting drop soon after the peak; maintaining the ban on cattle shipping to the U.S.

CATTLE HELD BACK

Some of Western Canada's present beef shortage is due to the fact that cattlemen are holding cattle off the market hoping for lifting of the ban, opening the high-paying market in beef-starved U.S.

Plywood Plant Is Hit By Fire

(Continued from Page One)
Nearby residents, worried when flames were seen on the property, again phoned the department.
Department told them that sawdust fires in that district could not be handled by city fire trucks.

TRUCKS REACH SCENE

When it became apparent that the warehouse was threatened by flames, Jasper Place Constable E. C. Parslow, phoned in an alarm at 9:30.
When fire trucks arrived on the scene at about 10 a.m. the building was almost completely engulfed in flames.
Many piles of logs and the entire warehouse were destroyed.

P. D. Furr, Spruce Grove, one of the owners of the plant, first heard about the fire when contacted by The Bulletin.
He said a new plant will be built in the city where adequate fire protection will be available.

Medical Officer For Aklavik Named

HAMILTON, June 14.—(CP)—Dr. John Carter Callaghan of Hamilton has been appointed medical officer for the department of Indian affairs at Aklavik, N.W.T., it was announced Saturday.

Friendship Pact

BUDAPEST, June 14.—(AP)—A Hungarian delegation will leave for Warsaw June 16 to negotiate a friendship and mutual assistance pact with Poland. Premier Lajos Dinnyes will head the Hungarian group.

Recover Engines

HALIFAX, June 14.—(CP)—Naval divers recovered the two engines of the Royal Navy Sea Hornet that crashed into Halifax harbor Friday, killing Lieut. Nigel Douglas Fisher, son of Britain's retired fourth sea lord.

Government Aid To CNR Hits Snag

Bill Authorizing Financing Of Deficits Objected To

OTTAWA, June 14.—(CP)—The commons bogged down at today's morning sitting on a government bill authorizing the Canadian National Railways to issue \$55,882,200 of securities to finance capital expenditures and retire minor obligations.

Progressive Conservative members led by party leader John Bracken, objected to a provision authorizing the government to finance deficits incurred by the CNR and Trans-Canada Airlines.

FIRST READING GIVEN
Before taking up the resolution, the chamber gave first reading to Bill repealing Ontario pre-Confederation Lord's Day Act and providing reconstitution of the tariff board.

Piloting the CNR resolution, Gleason Beale, parliamentary assistant to finance minister Abbott, said the capital expenditures would include \$20,000,000 for additions and betterments, \$39,000,000 for new equipment and \$1,600,000 for work on a new branch line.

Harry Jackson (PC-Toronto) Rosedale and N. J. M. Lockhart (PC-Lincoln) said that there may be "blank cheque" legislation hidden behind the resolution.

Mr. Lockhart said that when members sought local improvements they were "given the brush-off," but they were expected to adopt blank cheque legislation without infirmation.

Mr. Bracken objected to the bill, saying that when members sought local improvements they were "given the brush-off," but they were expected to adopt blank cheque legislation without infirmation.

Truman Is Certain UN Will Succeed

SAN FRANCISCO, June 14.—(AP)—President Truman said Sunday in a flag day ceremony near the birthplace of the United Nations that "as sure as I stand here the UN will succeed and there will be peace in the world."

"I am optimistic the UN charter will become the constitution of the world," the president said, "and that we can settle our differences with other countries just as the differences are settled among the states."

"I am confident there will be peace in the world," he declared at another point.

Indian Doctor Arrives Here

Dr. John Carter Callaghan of Hamilton, Ont., new medical officer for the Department of Indian Affairs at Aklavik, is at present in Edmonton.
He will spend one month here at Charles Cammell hospital before taking up his new post.

He previously served Lyndhurst Paraplegic hospital in Toronto.

Neurologist Dies

NEW YORK, June 14.—(AP)—Dr. Otto Marburg, 4, clinical professor of neurology at Columbia university and international authority on nervous diseases, died yesterday.

CITY COUPLE WINS AWARD

An Edmonton couple, Mr. and Mrs. Donald Taylor, were both awarded degrees of Bachelor of Arts by Seattle Pacific College at its 56th annual commencement.

Mr. Taylor, son of Hugh Taylor, of Calahad, attended school there and later graduated from the Mount View Bible School in Didsbury.

Mrs. Taylor, daughter of Mrs. Mary Finkley, Edmonton, is a graduate of Eastwood High School and the Mount View Bible School.

The couple plan to take a pastorate this year.

Quints Attract Capacity House

OTTAWA, June 14.—(CP)—Achieving the popularity of Hollywood stars, the world-famed Dionne quintuplets attracted a capacity 2,500 persons to a downtown theatre concert here last night.

The five girls appeared along with 15 of their school chums in a series of French-Canadian songs in aid of the needy children of Europe. The concert was sponsored by the Richelieu clubs of Ottawa and Hull.

Mental Escapees Believed In South

CALGARY, June 14.—(CP)—Four escaped mental patients are believed to be in the Calgary district today. One escaped from Ponoka mental hospital Saturday.

Two from Oliver and another from Ponoka are also sought by police after escaping earlier. Two of them are described as suicides.

SLUGGISH LIVER? CONSTIPATION?

Why continue to have that sick, dull feeling... that miserable, bilious condition... that makes life hell? Get Dr. Morse's Pills. They will help you get your liver and kidneys working again. They are gentle, regular, and remove the cause of sluggish liver by cleaning out the clogging poisons. Their special vegetable ingredients aid in correcting constipation to people of all ages. Ask your druggist for Dr. Morse's Pills.

DR. MORSE'S PILLS

5 Liberals Get Seats By Acclamation in N.B.

FREDERICTON, June 14.—(CP)—A total of 125 candidates filed nomination papers for the June 28 New Brunswick election today as five Liberals gained seats by acclamation. One CCF candidate failed to file papers in Westmorland county.

In Gloucester county five Liberals headed by Hon. J. A. Doucet, minister of industry and reconstruction, were unanimously elected, gaining seats by acclamation were J. E. Connolly, Michael Fournier, Ernest Richard and Fred Young. All but Mr. Richard were members of the house which dissolved May 18.

Two more Social Credit candidates, making the party's first bid in New Brunswick, filed papers to bring that party's total to five.

Liberals nominated for all of the 25 seats; the Progressive Conservatives named 44 and the CCF 26.

Lawrie Announces Resignation 'Whys'

Zoning Board Official
Decries Civic Methods

Indication of a definite desire, if not determination, by the civic administration, to short-circuit passage of business without going through the proper constitutional channels set up for the purpose of city zoning, is given by S. T. Lawrie as his reason for resigning from the Zoning Appeal Board.

STEWARDESSES? THAT'S EASY!

Airline stewardesses can probably tie the mark for most popular female occupation. At least that's what one personnel department official for Canadian Pacific Airlines thought last week.

She advertised in the classified section of *The Bulletin* for a stewardess, and then stood back and fought off the applicants.

The ad was soon withdrawn; the position filled, and a somewhat satisfied customer convinced that a *Bulletin* ad is the best way to solve business problems.

Weir To Address Alberta Druggists

Approximately 300 druggists from all parts of the province gathered in Edmonton today for the annual convention of the Alberta Pharmaceutical Association.

President N. Devereaux, of Hanna, will preside at sessions in the Macdonald hotel today and Tuesday. Walter Savage is Edmonton councillor on the executive. A feature of the convention will be a breakfast meeting Tuesday morning.

Convention will close with a banquet and dance Tuesday evening in the main dining room. Harold L. Weir, editor of *The Edmonton Bulletin*, will be guest speaker. His topic is: "Thirty years in Journalism."

A golf tournament of convention delegates at the Edmonton Golf and Country Club will be a morning feature Tuesday.

To spend an hour in the Ingraham cocktail lounge is not only a pleasure but an education. There you can learn a lot about this vast northern country and its people too.

Prentice Dies

HOT SPRINGS, Va., June 14. — (AP)—Hernon Sheldon Prentice, 66, new non-playing captain of the American Davis Cup team, died Saturday.

Rail Traffic Still Impeded; Use Planes

Emergency air and rail transportation to and from the west coast continued uninterrupted today with Canadian National Railways passengers being flown to their destinations at the rate of about 100 per day.

Two special North Star aircraft of Trans-Canada Airlines are leaving here each day on direct flights to Vancouver, to transport rail passengers with the least possible inconvenience. About 20 rail passengers are being placed on regular flights through Calgary each day.

About 500 rail passengers have been flown to the coast from here since late last week.

This service is expected to continue until the end of this week. Meanwhile all available crews and equipment, as well as equipment rented from private contractors, have been thrown into the battle to repair tracks in the flooded areas.

CNR crews and equipment are going from Prince Rupert and even as far east as Port William, B.C.

Skidding superintendent of transportation said today, Bridge gangs are going to the flooded areas from Prince Rupert.

"At least bridge have to go back into the mountains to get dirt for grades," Mr. Skelking said. "But we expect to get through to Chilliwack about Thursday or Friday."

No repair work can be carried on past that point until waters recede and extent of damage is learned.

On the Prince Rupert line, trains are travelling as far as Kitwanga. The line is open between Prince Rupert and Estevan, but a 100-mile stretch of the track between Kitwanga and Estevan is still impassable.

Officials expect it will be at least a week before the extent of damage at some spots can be learned.

On the Canadian Pacific Railway main line, regular service is still being carried on from Calgary as far as Hatz, B.C., 69 miles east of Vancouver.

Money in the Air

when you ship by

AIR EXPRESS and AIR FREIGHT

For your share of the Northland wealth, use C.P.A. daily service (except Sunday) from Edmonton to Yellowknife, Whitehorse and way points.

Use Air Mail Regularly.

Canadian Pacific AIR LINES

You Can TAKE IT WITH YOU!

When you travel this summer don't let worry about the safety of your money mar your trip.

Bank of Montreal Travellers Cheques are your safest and surest way of carrying money . . . and they are as convenient as cash.

Here's how they work: Travellers Cheques are just like 20, 50 and 100 dollar bills, except that they're not legal without your signature!

Suppose you take \$200 with you. You can, for example, buy five \$20 cheques and two \$50 cheques . . . total, \$200. When you buy them . . . you sign at the top. When you cash them you sign at the bottom.

Simple . . . and safe. The person who cashes them can see immediately that the signatures compare, and he knows that they are your cheques. If lost, they are useless to the finder.

Most important—Travellers Cheques sold by the Bank of Montreal can be cashed at any bank . . . anywhere.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

BROKEN JAW FOLLOWS ACCIDENT

Fred Fusty, Clover Bar, received a broken jaw when his truck overturned 14 miles east of Edmonton Saturday. The truck is believed to have upset when it got into soft dirt on the new highway grade near Bremner.

Fusty was trapped in the overturned vehicle. Unidentified passers-by freed the injured man and called for an ambulance. He is now in the University hospital.

Art School Opens July 31

University of Alberta's world-famous Banff School of Fine Arts will present its 16th annual summer course July 31 to August 21. Many faculty members of the University will teach students from all over the continent at the Banff School.

Donald Cameron, director of the Banff extension department, and other U of A staff members will be in charge of arrangements.

About 600 students will attend the school. Registration over that number will not be accepted because of limited accommodation.

In conjunction with the school, two conferences will be held: Sixth annual Western Canada Theatre conference, August 18 and 19; and fifth annual Western Writers' conference, August 11-21.

Navy Parade

Royal Canadian Navy Reserve force will parade at HMCS Nonsuch tonight at 8 o'clock.

Calder League Seeks Lease

Calder Community League will ask city council for a 20-year lease on property upon which their new \$20,000 community hall is being erected.

A usual procedure is to give 10-year leases on such properties when leases expire as the Calder one will do December 31, 1949.

United Ukrainians Denounce 'Traitors'

Condemnation of efforts, of newly-arrived displaced persons in Canada, to perpetuate old-country strife among Ukrainians in Canada, was voiced at the fifth annual convention of the Association of United Canadian Ukrainians.

In a resolution passed at the closing of the session of the Convention Sunday, the association moved to disassociate itself from the activities of certain displaced persons of Ukrainian origin.

These persons, national secretary of the Association Peter Prokopchuk told the convention, are former Ukrainian nationalists who served with Axis forces during the Second World War.

They entered Canada, he said, as displaced persons under false names, and are attempting to create strife and dissension among Ukrainians in Canada.

Deliberations at the convention were held in both Ukrainian and English. This was the first provincial convention at which both languages have been used.

Younger members of the Edmonton Branch of the Association presented a Ukrainian opera, *The Cossacks*, last Saturday night in the Ukrainian Labor Temple where the convention was held.

The convention was concluded Sunday afternoon at Victoria Park, attended by delegates and visitors.

Elected president of the provincial association for the coming year was D. Ursulak. John Ryniuk was elected vice-president and George Solomon, provincial secretary.

Other members of the provincial committee are John Kiyhanowsky, Nick Alexiewick, William Martin, and Mrs. Emma Sawchuk.

PASTOR ATTACKS LIQUOR ADS.

Liquor advertisements were condemned by Pastor E. W. J. Avey in a Children's Day sermon at Bethel Baptist Church Sunday.

The ads, said the pastor, are a poisonous influence which invades the home and a danger of which all parents should beware.

He criticized modern parents for neglect of children because causes criminality and atheism.

Sunday school of Bethel Baptist church held a picnic in South Side Athletic Park Saturday.

City Worker Suffers Injury

An Edmonton department of public works employee was injured when pinned between a trailer and a router at Two Hills Saturday.

He was Fred S. Barnes, 11406 94 street, and was brought to Edmonton Sunday where he is now in Royal Alexandra hospital.

The router was being unloaded from the trailer when it is believed to have slipped.

Mr. Barnes is now under observation for internal injury.

Have front pleats and zippers—finished with cuffs.

Sizes 32 to 40. Priced . . . 10.95 to 19.50

JOHNSTONE WALKER LIMITED

SHADES OF YUKON GOLD RUSH of '98 return to the north, only this time to North West Territories. Opened December 11 last year, cocktail lounge in new Ingraham hotel at Yellowknife is about the most popular place in the northern mining settlement. Hours—12 noon to midnight. Drinks—straight rye or whiskey to various mixtures including "Zombies." —Photo by Bland.

NWT's Only Cocktail Bar Yellowknife Social Centre

This is the second of a series of articles by Reg Hammond, the *Edmonton Bulletin's* managing editor, who recently completed a trip to many of Canada's northern outposts accompanied by staff photographer Eric Bland.

By Reg Hammond

YELLOWKNIFE, N.W.T.—Tea or coffee at four o'clock? No, it's cocktails at four here.

And the cocktail lounge in the new, modern Ingraham hotel is usually busy at that time of day.

Here many of the businessmen and women of this northern mining settlement gather for an afternoon pick-me-up or to spend a social evening exchanging gossip with friends.

The Ingraham cocktail lounge is new, and it's also unique for at present it's the only one in the North West Territories.

OPENED IN 1947

Vic Ingraham, veteran prospector and northerner, who before he was the hotel business in Yellowknife with the original Yellowknife hotel in the old townsite, opened the Ingraham establishment June 26, 1947.

Since then it has become well and favorably known to mining and businessmen from all parts of Canada and the United States.

It is a two-story, stuccoed building housing comfortable guest rooms, a spacious dining room and cafe, the cocktail lounge and a beer tavern. It has all of the modern conveniences, including running water, a sewage disposal system and telephone connection with all parts of the settlement.

Fae Chard, an attractive, matronly woman, is the manageress responsible for the maintenance and operation of the hostelry when Ingraham is "outside."

The North West Territories Council at Ottawa granted the license for the cocktail lounge last year and this innovation was opened to the public on December 11.

SINCE THAT time, according to many of Yellowknife's leading citizens, it has gained rapidly in popularity and is now looked upon as an essential part of the social life of the community.

Colin McDonald, a husky, genial lad, who originally hailed from Grande Prairie, is in charge of the lounge. He has been here since the first gold strike brought hundreds of prospectors and fortune hunters flocking in from outside.

He has held many jobs during that time but his present one is most to his liking. "I like catering to the public," he said. "And here I meet a lot of interesting people from 'big shots' down to the ordinary Joe, and I get a real kick out of talking to them all."

Colin keeps on top of his job!

Young Executives Are Urgent Need

Transit Industry Especially
Requires Them Says President

BANFF, June 14.—(CP)—Young executives still are urgently needed in Canadian industry as a whole and in the transit industry in particular, E. D. Gray-Donald said in his presidential report at the opening sessions of the Canadian Transit Association convention.

Gray-Donald, chief engineer of the Quebec Railway, Light and Power Company, also said "most utilities are operating at too low a rate, and fare increases are justified and long overdue."

The three-day gathering of delegates representing almost every public and privately-owned municipal transportation system in Canada opened with registration of delegates.

Gray-Donald said a number of Canadian transit companies are "working very seriously" on selection of young men of executive ability, but he warned that many companies are failing to meet the problem.

"Executives are not developed overnight. It takes a lot of time." "Our major problem now is the handling of labour and very close to that is the ability to develop good public relations."

Speaking of the need for increased rates, Gray-Donald warned that such increases do not in themselves constitute a cure-all.

"Efficiency and economy of operation also are necessary, but you cannot get efficiency and economy of operation unless the prime element, labor, is properly managed."

First completely roller bearing steam locomotive was built in 1929.

Alexander Likely To Stress Trade In Brazil Speeches

RIO DE JANEIRO, June 14.—(CP)—Canada's governor-general, Viscount Alexander, is expected to emphasize the growing importance of trade relations between Canada and Brazil in separate speeches today to the senate and chamber of deputies.

He is also expected to hail the work of the Brazilian troops, which were under his command in Italy during the second world war.

He was also to greet Brazilian war veterans who served under him. The day's program includes a visit to the supreme court and a speech tonight at a foreign office banquet.

The state of Tennessee, though far down the list in U.S. industry, won world prominence in 1945 for production of the atomic bomb at Oak Ridge.

RIMBEY DISTRICT FARMER INTENDED VICTIM

Man Faces Two Charges
Of Attempted Murder

Alleged to have twice attempted the ambush slaying of a Rimbe district farmer, Peter Rokowski, 47-year-old farm laborer, faces two charges of attempted murder.

RCMP in Edmonton Friday charged Rokowski with twice attempting to slay Bernard Von Tattenbon, a Rimbe district farmer for whom accused formerly worked.

The arrest was made in Edmonton. Tattenbon is in the University

Hospital making good progress toward recovery from shotgun wounds about the head.

The victim was splattered with pellets when returning to his home with a seed drill on the night of May 25 last.

In 1946 Tattenbon was struck in the shoulder by a rifle bullet fired from ambush in the same locality.

Hospital authorities here say the injured man may lose the sight of one eye as a result of the recent wounding.

Appearing before a Justice of the peace in Rimbe Friday, accused waived jurisdiction to Magistrate Jackson's court in Wetaskiwin where he was remanded for preliminary hearing on June 19.

Reports from Rimbe Friday said Rokowski made a "complete statement" to police.

Help your skin to soft silky smoothness with wonderful Aquamarine Lotion. Its creamy richness is as blue as the sea. Instantly absorbed without stickiness because of its whipped-silk texture. You'll love its clinging, delicate scent—so fragrant, so refreshing.

IS DOMINION GOING LEFT?

LONDON, June 13.—(Reuters)—The Sunday Express carries an editorial today headed "Is Canada Going Left?"

Commenting on recent election victories by the Co-operative Commonwealth Federation in Ontario provincial and federal seats and in British Columbia, the paper says:

"Faced with these events, Canadians are beginning to wonder: Is their political tradition in jeopardy? Is Canada in fact going left?"

"For the Socialists the west is bright in the east lies their graveyard and in the east lies their weakness. They have not the machinery, the candidates or the power to succeed on a national scale."

"In bulk, Canada's voters have shown a remarkable mistrust of the socialists, the Communists and the fellow travellers who compose the CCF."

"Canadians want a program related to reality . . . the paper said."

Montreal-Ottawa, Return Trip Made By Jets In 25 Mins.

OTTAWA, June 14.—(CP)—Two racing jet-propelled Vampire aircraft Saturday proved you can travel from Montreal to Ottawa and back in just 25 minutes. The distance is a little over 200 miles.

Some 30,000 spectators saw the streaking Vampires in the second annual air force show at nearby Rockcliffe. The twin-tailed planes, piloted by F/Lt. G. L. U. Gervais and F/Lt. S. S. Mitchell of Montreal, took off from St. Hubert at 3:45 p.m., EDT, clocked in at Rockcliffe at 4:00 p.m. and were back in Montreal 10 minutes later.

Woman Minister

LANCASTER, Pa. June 14.—(AP)—The Evangelical and Reformed Church Sunday ordained its first woman minister in history. She is Beatrice M. Weaver, 24, of Bethlehem, Pa.

The word barber is derived from the Latin barba, meaning beard.

ESKIMO GIRL GLAD SHE'S GOING HOME

NEW YORK, June 14.—(CP)—Rebecca Dahn-eeke, 15-year-old Eskimo girl, arrived here yesterday from England en route to Baffin Land and said she'd be glad to get back to the Arctic wilderness after her first taste of civilization.

Rebecca arrived on the liner Marine Juniper with Rev. H. Arthur Turner, 46-year-old Church of England missionary, Mrs. Turner and their daughter Jean.

Turner is en route back to his post at Pangnirtung on Baffin Island after a five-month leave in Felixstowe, Suffolk, England.

The Eskimo girl went to England with the widow and two children of Turner's brother, Rev. John Turner, who died last December of an accidental gunshot wound.

Moher ON SPORT

By STAN MOHER, Editor

A Balk is a Balk is a Balk

Please... will someone do something quick to clear up what is easily the No. 1 mystery in Big Four Baseball League circles to wit: "What is a balk?"

At least three times Sunday afternoon Ed Morris, sometimes known as the poor man's Les Durocher, ran screaming to the officials to protest against the motion—with Ekks on the runways—of young Pete Younie, Calgary Buffalo ally-sider.

Just as many times the tents calling the shots turned a deaf ear to the Morris pleas.

The same thing goes on game after game. A pitcher goes into his act and suddenly the umpires are getting the tin-ear from cries of "balk, balk." If it isn't Morris and his Ekks encourage it's Laurel Harney and his Cub cast. Incidentally there's no truth in the report that Harney is in hiding in Calgary after what Purdy did to his squad at the week-end. After all he's got his family to think about.

Certainly there are times when the managers appear to have a legitimate beef. On one occasion in Sunday's Esk-Buff duel in the sun Younie did everything but cross his feet on one heave to first. The arbiters gave tacit approval by choosing not to call a balk.

There Are Many Variations

The rule book lists upwards of 20 ways in which a balk may be committed. Sometimes we suspect that the pukeish Morris is capable of running this up to 25 or 30 with a number of his own inventions. All, of course, by way of harrying the umpires.

But obviously there should be agreement by this time. It either is or is not a balk.

Quite apart from the Morris efforts to get redress for real or imagined infractions of the pitchers' code the Sunday engagement was interesting enough diamond fare. It hit a low note when the usually reliable Gene Perani completely misjudged 'Babe' Work's high fly to light in the third inning and the drive went for a cheap hit.

Actually Ekks might just as easily have won four of the five games played in the series. Only out-of-this-league fly-shagging enabled skinny Bob Brosseau to decision Ralph Morgan in the series opener. Their again Clarence Melbye pitched in hard-luck fashion while losing 3-2 Saturday.

Eskimos were handicapped in Saturday's pair of games in that Jack McGill, battling a cold, failed to see action. It meant that Jerry Seaman had to be pressed into service at third base and Doug Darrah took over in left field part of the time.

Seaman, a fine pitcher-outfielder, is like a fish out of water in the inner cordon. Darrah, too, is out of his element in the fly-chasing role.

Leo Sullivan Has Returned

The Cubs continue to retreat. However there's a ray of hope here and there for the Motormen. For one thing Leo Sullivan, who was with the club last season, arrived from California late Sunday to rejoin his former mates. He has been hurling in college circles around San Francisco.

Another pair of Californians, Ray Buono and Gus Enjalian, will head this way by plane not later than Tuesday. Buono is a pinch to wind up with the harassed Harry, whatever about Enjalian. Jim Gibson, manager of Calgary Buffaloes, has an interesting theory about the Cubs. While he rates play generally in the Big Four of Class C calibre he puts the Cubs a notch lower in D. "They haven't the experience," he suggests.

Incidentally Gibson expects any day to sign Greg McLellan, last season with Purdy 99. As well the man whose father once played in the majors with Connie Mack's Philadelphia A's plans to add another good pitcher.

There's no complacency in the Buff camp. One story going the rounds at the park Sunday had to do with hockey. It concerned Jack McGill who has, so the chatter went, been traded to Buffalo Bisons of the National Hockey League by Hershey Bears.

Babe Ruth Gets Great Ovation

NEW YORK, June 14.—(AP)—

Babe Ruth's uniform with the famous No. 3 on its back was officially retired Sunday.

The occasion marked the celebration of the 25th anniversary of the Yankee Stadium, in addition to Ruth, all the living members of the 1923 Yankee team were on hand as were stars of other Yankee teams which included Bill Dickey, Red Rolfe, Lefty Gomez, Joe Gordon and many others.

A crowd of about 50,000 defied rainy weather to witness the celebration. The fans nearly raised the

'Belin' Ben' Hogan Cops U.S. Tourney

By BOB MYERS

LOS ANGELES, June 14.—"Belting" Ben Hogan, the New United States open golf champion, spent an unusual day Sunday. He did not play golf.

Hogan, whose 72-hole total of 276 earned him his first triumph after many tries in the event and broke the tournament record by five strokes, plans to rest here a day or so before hitting the golf trail again.

His next appearance will be in the invitational round robin four-ball and his partner will be the man he beat for the title Sunday, Jimmy Demaret, of Houston, Texas.

Hogan, contrary to some belief, did not plan to limit his golfing activities. He said he would play in many tournaments as possible and could not "afford" to confine his play merely to the big events.

Hogan regained the lead to win the title and \$2,000 first money in Saturday's 36-hole battle by shooting rounds of 68-68 over the par 72 Riviera Country Club course. At the same time Demaret was shooting the same score, playing in a threesome nearly an hour ahead of Hogan.

"Yes," said Hogan in answer to a question, "I knew all the time what Jimmy was doing and I knew what I had to do to stay in front."

DEMARAT COPS 278

Demaret wound up with 278. Just about that time Hogan made the turn into the last nine holes, and on the tenth of the afternoon round sank a 15-foot putt.

"That putt, I think, probably won the title," said the 35-year-old Hogan. It gave him confidence and another sub-par hole and he knew that all he had to do was shoot par for the rest of the distance.

The previous 72-hole record for the tournament was 281, set by Ralph Guldahl of Detroit in 1937. Hogan, Demaret and Jim Turney

ROMANCE BLOOMS for Ann Curtis and Gordon Cuneo of the United States Olympic Games team, Miss Curtis is one of America's chief hopes for swimming honors and Cuneo, a University of California basketball player on the America hoop team, expect to be married after the Olympic Games this summer in London.

Tigers Clawing Way To Flag Contention

NEW YORK, June 14.—(CP)—That three-team scramble in the American League may be a four-team affair before long.

The Tigers clawed their way into the second division, and looking as if they might move right in on the pennant contenders.

The Tigers took four out of four from Washington Senators to shove the latter into the second division, and the scores got more lopsided as they went along.

Pitchers like Hal Newhouser, Dizzy Trout and Virgil Trucks are back in form, and the latest Detroit slugging power is exploding in old-time style.

But the Tigers are still 3 1/2 games back of the pace-setting Cleveland Indians, who took two out of three from New York in week-end play. They trail Philadelphia Athletics by 5 1/2 games and have 3 1/2 to go to catch the New Yorkers.

Anything can happen in baseball. The Tigers looked like bush-leaguers against those clubs in earlier competition, but both the A's and the Yanks have a spotty record in recent weeks and could easily fold under a determined Tiger bid.

No less than five teams stayed within 2 1/2 games of the top run in the National League as New York Giants and Boston Braves were locked in a tie for first place. The Braves looked to be on the way down when they dropped a Saturday doubleheader to Cincinnati, but came back to take two from the Reds Sunday to catch the New Yorkers, who took two out of three from the third-place St. Louis Cardinals. Pittsburgh Pirates and Philadelphia Phillies held fourth and fifth spots by splitting a Sabbath twin bill.

Sunday's games were a different story as the Braves pounded out 8-7 and 10-5 victories, with Gumbert among the Redleg pitchers who felt the brunt of the Boston power. Cincinnati's Hank Sauer salvaged his 18th and 19th homers and a triple out of the second game.

The Cardinals still need a pitcher who can last nine innings. Jim Hearn was whipped 7-5 Saturday at Renfrew Park. The Glants shaded the Red Birds 8-7 in Sunday's opener, chasing Harry Hearn in the third, and lost the second 3-2 only after he had sent Mungler to an early shower in the fourth.

The second-game win snapped a five-game losing streak for the Cards.

French Losses
PARIS, June 14.—(Reuters)—French losses in Indo-China fighting from September, 1945 to June 1, 1948, were about 8,000 men, Paul Coste-Floret, French overseas minister announced here Saturday.

Trailing behind these three, and all contenders at one stage or another, were Bobby Locke of South Africa with final scores of 73-70-282, Sam Snead, the leader at the midway point, with 73-72-283, and the defending champion, Lew Worsham, with 71-73-285.

Hogan, one-time Fort Worth Texas, caddy, became the only man in the records to win both the U.S. Open and the PGA match play championship in the same year since Gene Sarazen acted the honor in 1922. The only major title which Hogan has not won is the Masters tournament.

BOBBY LOCKE FOURTH
The top scorers and money winners:

Ben Hogan, Hershey, Pa., 67-72-68 (21,000).
Jimmy Demaret, Houston, Tex., 71-70-68-278 (\$1,500).
Jim Turney, Elmsford, N.Y., the latter with a pair of 79s for the final rounds, eclipsed the mark.

Trailing behind these three, and all contenders at one stage or another, were Bobby Locke of South Africa with final scores of 73-70-282, Sam Snead, the leader at the midway point, with 73-72-283, and the defending champion, Lew Worsham, with 71-73-285.

Hogan, one-time Fort Worth Texas, caddy, became the only man in the records to win both the U.S. Open and the PGA match play championship in the same year since Gene Sarazen acted the honor in 1922. The only major title which Hogan has not won is the Masters tournament.

EDMONTON BULLETIN, Monday, June 14, 1948

Junior Leafs Push RAF Eleven Aside

Score Decisive 4-1 Victory; Anavets Crush St. Pats 6-1

Soccer may be a young man's game after all. At least the Junior Maple Leafs of the Edmonton and District Soccer League proved conclusively Sunday afternoon that they don't have to be the senior clubs.

On paper their 4-1 trimming of the classy RAF team may look like a major upset, but the boys were full valour for their victory. They played their usual hustling game and held a wide edge in the play.

In Saturday's league fixture Anavets pinned a 6-1 setback on the lowly Oliver T. Pats. The Army and Navy Club appeared to have pored up on its passing inside the defenders' zone and most of the goals came from smart passing plays. They are now resting in second place, just two points back of the league-leading North Side Legion on a Sunday.

Bill French scored in Joe Mella's cross for the only RAF goal, but Leafs roared back with the equalizer, Billy Greene scoring on a low drive.

Scotty Thomson received a pass in his own territory and broke away for a nifty goal early in the second half and three minutes later Ken Watson hit the cross-bar and Greene was on hand to score the rebound. Ken Watson finished the scoring for a well-earned victory.

Anavets moved into a 2-0 lead in the first half, Henderson counting from close in and Harold Hall adding the weaving on a cross from Ted Lewis. Lewis put his side four up with two smart crosses shortly after resumption of play and Clarke boosted the ante on a passing play with Peters.

Bob Wade saved the Pats from a shutout on a pretty angle shot and then Lewis lobbed a kick that came down just under the bar.

LINK-UPS.
Anavets—Mayson; Daniel, Olander, Thomson, Thomson, Doherty, White, Leryson, Lewis.
RAF—Parks, French, Burgess, Jordan, McDonald.
Maple Leafs—Frey, Andrechuk, Stelmach, Park, Flagg, Mitchell, Thomson, Brown, Greene, Watson, Pats.
Referee, Bill Giles.

Semis Reached In Calgary Golf
CALGARY, June 14.—(CP)—The Calgary city amateur golf tournament reached the semi-final stage Sunday with veteran Duane Barr and 15-year-old Jack Brandt leading in two brackets.

Barr will meet Alf Pow in one semi-final 18-hole match next Saturday, while Brandt, city junior champ last year, will tangle with Cam Sadler in the other semi-final.

Brilliant Relief Job By Pizzuto of Anavets
It took Anavets 10 innings to dispose of a stubborn Norwood Legion club 5-0 at Kingsway Park Sunday afternoon. And Frank Pizzuto's brilliant relief chucking set the stage for the Anavet triumph.

Pizzuto came on for Orin Vandal in the last of the sixth after Norwood had deadlocked the game at 5-5 in the five complete innings he tolled Frank held the Legion crew to a single base-knock, a single to centre by Emil Seibert in the seventh.

Vets finally got to Norwood's Gene Sakowsky for three runs in the tenth. A walk, Stan McGreevey's single, Pizzuto's triple to centre and a double by John Nayowski did the damage.

Seibert was the hitting star of the fixture. He whacked four for five, including a home run out of the park on the right field side in the first.

RCAF BOMBS SINGERS
RCAF Jets squeezed past Henry Sifers 5-4 in the second contest. The Airmen went ahead for keeps with two runs in the third inning, after allowing Sammy Shekter's clothing to score once in the second.

Two more in the fifth and one in the sixth filled the RCAF ledger, while the best Singers could do was two in the fifth and a singleton in the eighth.

Maurice Lamay, Jet third sacker, and Mac Colville, Singer second baseman, each hit three for four.

Westmount Takes Juvenile Game
Westmount romped past South Side Arrows 12-4 in a juvenile baseball game at Westmount Sunday.

Jim Kinner handcuffed the South Siders with five hits as Andy Gilhe's nine won their second game in as many starts.

A six-run slug in the second frame paved the way for Westmount's easy triumph. In this inning South Side was guilty of six errors.

REPORTS ROCKY OK FOLLOWING MEDICAL

NEWARK, N.J., June 14.—(AP)—Rocky Graziano underwent a two-hour medical examination Sunday to put at rest once and for all rumors that he was seriously injured in losing his middle-weight title to Tony Zale Thursday night.

Abe Greene, State Boxing Commissioner, ordered the examination by Dr. David A. Flicker, Newark specialist, who had examined Graziano a week before the fight.

The examination disclosed "no neurological impairment" in Graziano, Greene quoted Flicker as reporting.

"Any head knock-out results in a concussion of some form," said Flicker. "Graziano had a concussion, but the examination showed results parallel to that before the fight."

DAIRY NEWS IN BRIEF

North Albertans Take Top Awards

Gunn Boy and Northbank Girl Head List Farm Week Winners

A boy and a girl from northern Alberta took top honors in the 30th annual Farm Young People's Week which ended recently at the University of Alberta.

They were: George Wongnook, of Gunn (which is about 40 miles west of Edmonton on the Whitecourt road) and Olga Melnyk, from Northbank (about 50 miles north-east of Edmonton.)

The two northern Albertans headed a group of 24 young farm people who received a total of \$300 in prizes at annual Farm Week banquet held Thursday night on the Varsity campus.

About 200 attended the banquet, including provincial government, agriculture organizations, and university officials.

Donald Cameron, head of the U department of extension, was toastmaster. Prize winners were selected from among the 125 young farmers from all over Alberta who attended his program during the past week.

\$75 SCHOLARSHIP

Mr. Wongnook and Miss Melnyk each received \$75 department of agriculture wheat board trust scholarship.

Scholarships were presented by Hon. David Lee, minister of agriculture.

In a brief address, Mr. Lee told the farm youth that agriculture is the most worthy industry in Canada or anywhere else in the world.

He told them, "It is up to you to help raise the status of farming in this province... the government will give all the co-operation it can to you."

Other officials who spoke were: Dean H. D. Sinclair, of the University of Alberta; George Edworthy, chairman of the United Grain Growers; Louise O'Neill, of the Alberta Livestock Co-operative; D. S. Longman, deputy minister of agriculture; R. L. King, editor of the Canadian Canadian, weekly newspaper. The Canadian paper featured the sending of four young people to the Farm Week.

\$50 AWARDS

General proficiency awards of \$50 were presented to Stewart Malcolm, of Huxley, and Margaret Hall, of Fleet, Martin Bertrand, of Mile, received honorable mention in the general proficiency competition.

Other award winners were: In the household economics division, Mrs. D. E. Goodwin, Alderside, first prize; Doreen Cowdy, Shepard, second prize; Clara Webb, Swallow, third.

Home nursing competition: Mrs. Geneva Nimick, Cassle, first prize; A. Maurushat, Clarksburg, first prize (equal); Margaret Hallett, Fleet, third.

PUBLIC SPEAKING

Public speaking competition: Joy Shuttleworth, Balzac, first; Marilyn Bertrand, second; Daphne Garrison, Westlock, third.

Weed identification competition: T. Rodvang, Thorne, first; Hart, Clarksburg, second; J. Van Staaline, Foremost, third.

Lorne Alton, of Westlock, won scholarship which will pay tuition expenses at the Banff School of Fine Arts. Scholarship was awarded for his handicraft work, and was presented by the Edmonton Handicraft Guild.

Grain judging competition: Orrin Hart, first; T. Rodvang, second.

Send your order to The Edmonton Bulletin Pattern Department, 60 Front Street, W., Toronto 1-A, Ont. Please allow a week or ten days for delivery.

"I like the seashore myself, Ruthie—I think a girl has a better chance to get engaged if she doesn't have to worry about mosquitoes!"

Visiting Businessmen See Border Oil Field

LLOYDMINSTER, June 14.—Headed by Mayor Lyle Abbott, 29 businessmen of North Battleford were recent visitors to this border town as guests of the Lloydminster Board of Trade. During the afternoon local businessmen took the visitors to a portion of the local oil and gas field where they witnessed both the drilling and servicing of a well, also many wells on production.

The boys had left home on Sunday morning on horseback and carrying a gun. When he did not return before nightfall, the family became alarmed. An all night search was carried out, with the help of neighbors.

Police were notified the following morning. Tracks led to the river, where the horse was found standing downstream. Draining operations commenced immediately, but the body was not found until the following day.

The boy apparently had tried to cross the river and was swept from his horse by the swift current.

In addition to his parents, two brothers, Alan and Ronald, and two sisters, Betty and Margaret, survive.

Funeral services were held at Halcott United Church Friday, Rev. C. Young officiated.

Light Horse Show

CALGARY, June 14.—(CP)—The Alberta Light Horse Association will hold its fifth annual fall horse show here Aug. 20 and 21, according to president Margaret McNeill announced Saturday.

Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR TUESDAY, JUNE 15, 1948.

March 21 to April 19 (Aries)—All-around generous day, say stars. Familiar matters, urgencies should move along efficiently. Be painstaking in family affairs, vital interests. Tact, patience.

April 21 to May 20 (Taurus)—Planetary indications excellent. Be "early bird"—get the jump on the other fellow in matters closely concerning your advancement. Follow right leads, honest ambitions.

May 21 to June 21 (Gemini)—Bright prospects for you energetic, thinking folks. Move with faith in your ability to grasp hidden advantages, to find your way out of difficulties. Keep pressing onward.

June 22 to July 23 (Cancer)—A really good day for exploring, new ventures, breaking into, finding a way out of but not yet realized. Look for co-operation, help from unexpected sources. Be not too critical.

July 24 to August 23 (Leo)—Analysis of day's problems that will save time, mistakes. Put genuine, fair effort into your work and rewards will reflect others' appreciation. Romance favored in the turn.

August 24 to September 21 (Virgo)—With realistic front and an adroit, diplomatic attitude you can reap good results. You may have to deal with those with idiosyncrasies, cloudy ways, but YOU can.

September 22 to October 23 (Libra)—Many things are feasible that at first look impossible. Don't be swayed by snap judgment, discouragement. You are abundantly resourceful, use this gift. Heart interests should gratify.

October 24 to November 23 (Scorpio)—Outlook most encouraging. A fertile productive period for your talents and inventive mind. Arrange your work so there will be no no counting at bed time. You're smart, be smart.

November 24 to December 23 (Sagittarius)—There is a job to be done, don't procrastinate but start early and see due success. Executive, employee, buyer, seller all have open field to win achievement.

December 24 to January 21 (Capricorn)—By thoroughly understanding your tasks, studying instincts and habits of the other fellow you can gain much from your day's possibilities. Be helpful, aim to get more from opportunity.

January 22 to February 20 (Aquarius)—Where you may gain in one place may lose in another, BUT the law of average is with you. Initiative with thought and gentleness will bring greatest success.

February 21 to March 20 (Pisces)—Owing to the influence of temperamental, rearing and education some difficulties may arise. Take wise, well-ordered period, then with extra effort you can more than regain losses.

YOU BORN TODAY? You derive satisfaction from helping others have fun. Happiness can be a leader in business or profession. If you seek power, education and practice patience. You desire others to get ahead of you, yet strive to achieve the impossible. At times, don't be discontent with your lot, but increase worthy effort and you will eventually succeed with honesty and healthy competition. Modify restless moods. Teachers, artists, lecturers, commercial lines favored this month. Birthdays: Edwin Black Prince, of Wales; Miss Jeanne Heine, opera singer.

Combined Calf Clubs Hold Achievement Day

TOFIELD, June 14.—Tofield Calf Club achievement day was held recently in co-operation with Kingman and Flyvie clubs, under the leadership of N. Chomik, district agriculturalist.

Mildred Eleniak won champion honors for the Tofield group, with Keith Francis entering the reserve champion. Fifty-four calves were sold, the champion bringing a price of 40 cents per pound and the reserve 32 cents. Average price for the balance was 28½ cents.

First for the Kingman club went to Hampton Anderson and the calf sold at 32½ cents. Danny Simonson's entry was second and brought 37 cents per pound.

Kyle Club's winner was Marvin Jacobson's calf and it sold at 28 cents. Second prize went to Marie Hutchison's calf, which later was sold at 26½ cents.

Jack Francis placed first in showmanship and Nola McGinnie second.

Recitation Wins On Amateur Night

TROCHU, June 14.—At the amateur night sponsored by the CCF, Janet Heikila won first prize with a recitation. Thelma Heer was second with a piano solo, Audrey Blair third with a vocal solo and Edith Postill fourth, also with a vocal solo.

W. Patterson, A. Niemi, L. Roach, J. Farrow and J. Findlay were delegates at the annual Masonic Grand Lodge convention in Edmonton last week.

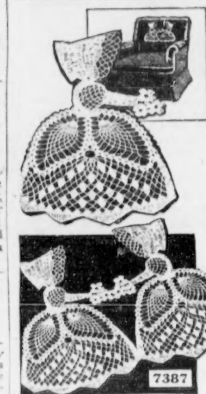

Barn and Granary Destroyed by Fire

WESTLOCK, June 14.—Fire completely destroyed the barn, a granary and the contents owned by John Elliott, a mile south of town on the Picardville road recently.

The fire, which was of undetermined origin, was attended by the Westlock fire department, but had made too much headway to be saved.

Postmasters Meet

CALGARY, June 14.—(CP)—Alberta branch of the Dominion Postmasters' Association will hold its annual convention here June 15 to 17.

Household Arts

By Alice Brooks

It's the modern thing to do! Everybody's using old-fashioned quilt decorations. This pineapple design chair-set is the very latest.

Chair-set, crocheted in sections, is a protection. Pattern 2381 has directions for set.

Our improved pattern—visual with easy-to-use charts and photos, and complete directions—makes needlework easy.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto, 1-A, Ont.

Please allow a week or ten days for delivery.

Business Men Make New Start Following Fire

HAVERLOCK, June 14.—Building operations are already under way on many of the lots left vacant by the disastrous fire here last Friday. Temporary buildings are being erected until fireproof materials are available.

Most of the business men thus affected have made arrangements for the purchasing of new machinery and equipment, so that business may be resumed as soon as possible.

In the evening the visitors were guests of the local board at luncheon in the reception room of the Royal Cafe and they learned that Lloydminster chefs also know their business in the preparation of a splendid repast.

Many words of thanks were expressed for the hospitality to inspect the oil field and many were the indications that Lloydminster will be the next city in western Canada. The visitors were also taken aback when they saw the large amount of building new industrial way in the town. Mayor H. L. Shaw states building permits already issued this year amount to well over \$400,000.

Stampede Contest Winner A "Princess"

CALGARY, June 14.—(CP)—The winner of the 1948 Miss Calgary Stampede contest will be made an Indian princess and given an Indian name, sponsors of the contest announced last night. The Indian ceremony will be conducted by Chief David Crowchild of the Sorensen Indian reserve.

Don't you wish you'd been to a school like this?

HERE IS an ultra-modern school building—an exciting adventure in new educational aids.

It has windows of special glass which allows free passage of sunshine's precious vitamin D. Also radiant heating, fluorescent lighting, glare-free blackboards and posture-correcting seats.

Thus education marches on! And in many Canadian communities these modern school buildings will be built in the future with the aid of life insurance dollars invested in municipal bonds.

This is but one example of the many public and private enterprises in which the life insurance companies annually invest over 300 million dollars on behalf of policyholders.

So each dollar you invest in life insurance serves two purposes. It provides security for your family's future. And it helps to promote the welfare of the nation.

A message from the Life Insurance Companies in Canada and their agents

It is good citizenship to own LIFE INSURANCE

(Copyright, 1948, King Features Syndicate, Inc.)

KINSMEN FORM CLUB AT SYLVAN

SYLVAN LAKE, June 14.—Kinsmen Club has been formed here following the recent provincial convention which was held at Sylvan lake.

Lee King was named the first president and Art Plant vice-president. Secretary is Burt McCune and Frank Standinger treasurer. Directors are Jack Cole, Jack Pell and Scotty Jack.

Charter night will be held in the fall.

Roller Skating Starts at Sylvan

SYLVAN LAKE, June 14.—Roller skating has been introduced at the pavilion.

Mrs. M. French of Drumheller, has taken over Keston's Kanteen. New residents here are Mr. and Mrs. H. Livingstone of Alis. Wayne Ikenas has taken a room with Canadian Express at Red Deer.

Mr. and Mrs. Herbert Darnell, of East Grimstead, Sussex, England may reside permanently in Canada. They are visiting their daughter, Mrs. H.L. Brink.

Search Continues In River Fatality

WESTLOCK, June 14.—Search for the body of 15-year-old Robert Johnson, who was drowned while swimming in the Pembina river near Westlock, was continuing this week, RCMP reported. The youth, Mr. and Mrs. Ed. Johnson of Freedom, went swimming last weekend at the river some two miles east of Freedom. Police are continuing dragging operations.

Farm Future Is Discussed

JASPER, June 14.—(CP)—The predicted future of agriculture on both sides of the Canadian Rockies was described today to delegates attending the third annual convention of the Canadian Feed Manufacturers' Association here.

Dr. R. D. Sinclair, dean of agriculture at the University of Alberta, said soil conservation is of major importance to prairie farmers.

Professor H. M. King, of the University of British Columbia's animal husbandry, said his province's problem is to obtain more intensive production of livestock.

Prospects for today's farmers were described in good by Dr. Sinclair, with plenty of data available for study on soil and climatic conditions.

British Columbia's need for increased production, Professor King said, is being met through intensive fertilization, irrigation and rotation of crops.

Graded Highway Badly Damaged

HIGH PRALIRE, June 14.—Road Foreman H. C. Moore has inspected the road north of town and reports much destruction from the flood waters of West Prairie river. Instead of the former grade, there are ponds six feet deep in several places, the road having been entirely washed away.

Three bad washouts occur in the miles between town and the Elks Stampede grounds and farther north the situation is even worse, extending to the Heart River bridge. Work is expected to start on these spots as soon as the water will allow.

Peonies Bank Altar of Robertson For Beautiful Wedding Saturday

Muted strains of Lohengrin heralded the approach of one of Edmonton's most popular brides to the altar of Robertson United Church Saturday evening.

Evelyn Homnell Jones, lovely daughter of Mr. and Mrs. Douglas Jones, became the bride of Charles Ralph Loder, son of Mr. and Mrs. Harry Loder.

The Rev. Angus MacQueen performed the double-ring ceremony against a fragrant background of giant peonies.

The bride, radiant in a beautiful gown of heavy white tulle entered the church with her father, who gave her in marriage. A potted band of ruscus circled the hemline and train of the gown which was fastened with simple elegance and dignity.

A shoulder ravel was appliqued with leaves and seed pearls and the sleeves were long, tapering to lily-pumps at the wrists.

Her full-length veil fell in graceful folds from a model tiara. She wore a triple strand of pearls, and carried a cascade bouquet of red roses, white carnations and lily tulips.

BLENDED PASTELS

The bridal attendants, a picture in beautifully blended pastel colors, were Margaret Muir, maid-of-honor, Helen Lilly, Margaret Sproule, Iris Wolfe, Irene Greenwood, and Little Diane Hollingsworth, flower girl.

Mrs. Muir's frock was Queen's blue satin and net, styled with a draped off-the-shoulder neckline and voluminous skirt. She wore a picture hat of matching net and carried a bouquet of pink gladioli. The bridesmaids' gowns, styled on similar lines, were in shades of pastel blue, yellow, pink and green, each in a different shade.

Their headpieces were matching crowns and they carried cascade bouquets of carnations and tulips to complement their gowns.

Small pink tulle frills were worn by the flower girl, Diane Hollingsworth. She carried a nosegay of pink carnations and wore a flower wreath in her hair.

BRIDEGROOM'S ATTENDANTS

Bride Collins was best man and ushering the guests were Roy Colfax, Roy Schneider, William Duff, William Sessenth, Robert Gieson and John Macdonald.

Young Frank Jones, brother of the bride, escorted the mothers of the bride and bridegroom to their places.

Following the ceremony a reception was held for more than 300 guests in the main dining room of the Macdonald hotel.

The hotel bristled with excitement and was alive with beautiful, gleaming smiles and merriment.

MOTHERS RECEIVE

Receiving the guests, Mrs. Jones, mother of the bride, wore an imported lace gown of Queen's blue styled with a tulle-effect. Her model picture hat was made of the same lace and the trim was faced with pastel-pink flowers.

Her corsage was of Tallman roses and blue cornflowers.

Mrs. Loder wore a beige crepe jacket ensemble with a black lace stole and a corsage of deep red roses and cornflowers.

Alex Cunningham was toastmaster.

J. Percy Page proposed the toast.

PICTURE IN PASTELS was the beautiful bridal party for Bonnie Jones' wedding to Ralph Loder at Robertson United Church Saturday. The bride, in traditional white, is radiant in the midst of her pretty attendants—Margaret Muir, maid-of-honor, (left at back), Irene Greenwood, Iris Wolfe, Margaret Sproule (kneeling) and Helen Lilly (kneeling). Diane Hollingsworth is the flower girl.

Edmonton Vacationist Choose Jasper Park For Holidays

Jasper Park has been chosen by many Edmontonians as an ideal vacation spot. Among registered guests are Mr. and Mrs. J. C. Peter, Mr. and Mrs. W. Hannah, Mr. and Mrs. E. B. Robertson, Mr. and Mrs. G. Rowan, Miss Doris Connery, J. E. Glenn, B. M. Fitzgerald, George Morrow, A. J. Barber, G. M. Beaton, A. R. Pearson, Mr. and Mrs. G. Dupre, Mr. and Mrs. D. Thornhill, Mr. and Mrs. F. Chalmers, Mr. and Mrs. J. W. Taylor and F. C. Cunningham.

Vacationers from Halifax are Mrs. John D. Crockett who arrived in the city Sunday to visit her son-in-law and daughter, Mr. and Mrs. Dutton R. Hardy at their home on Saskatchewan Drive. After a visit in the city for a while, Mrs. Crockett will continue to Vancouver before returning to her home.

Vancouver is attracting many city vacationers. Mr. and Mrs. E. R. Burdfield, Mrs. H. L. Hollin and Jean and Irene Brown are among visitors, guests at Sylvia Hotel.

Week-end visitors, guests at the Macdonald hotel were Mr. and Mrs. G. H. Guest and Mr. and Mrs. C. D. Ballard.

Holidaying in the United States is Mrs. H. E. Hunsford. She is the guest of Mrs. Marie Peterson, Al Tuma, Wia, and of Mr. and Mrs. T. E. Hunsford, Minneapolis, Minn.

South Side Gets New Imperial Bank

Modern Branch Office Opens for Business Today

South Edmonton branch of the Imperial Bank of Canada, which first opened offices in December 1937, is continuing its service with new premises opening today at 10431 82 Avenue.

The new bank is just one block west of the building the bank now occupies.

Today's opening marks culmination of two years of construction.

Modern in every way, the new building is constructed of brick and reinforced concrete, with a marble front.

High, sound-proof tile ceiling, latest designed ventilation and heating units, fluorescent lighting, and oak finish, enhance the air of modern design.

The bank boasts of five teller cages, three for savings accounts and two for current accounts.

Private vaults are located in the basement, which also houses record-storage space and well furnished staff quarters.

Electrical locks have been installed on the front doors, but only providing extra reinforcement against intruders, not enabling the staff to admit customers after hours, without having to go to the door.

D. C. Howell, branch manager, is extremely proud of his new quarters, and predicts greater growth in South Edmonton business activities.

Accountant at the bank is Charles Crook, who, like Manager Howell, first joined the Imperial Bank of Canada employment at Edmonton, B.C., and previously served with Howell at Wetaskiwin before coming to Edmonton.

Oklahoma Bans Wallace Party

OKLAHOMA CITY, June 14.—(AP)—Henry A. Wallace's Progressive party was denied a place on Oklahoma's July 6 primary ballot Sunday by the state supreme court.

The court ruled that the progressives did not constitute a political party under the Oklahoma election statutes.

The ruling came on appeal by A. B. Cooper, Oklahoma City detective agency manager, from a decision by Secretary of State William Cartwright, who ordered Progressive candidates to be placed on the ballot.

Cooper had challenged the sufficiency of the Progressive nomination petition, attacked the validity of their non-Communist affidavit and asked the court to prohibit the secretary of state from recognizing them as a political party.

Jet Crash Kills Four

FORT KNOX, Ky., June 14.—(AP)—Four persons were killed here Saturday when a jet-propelled United States army plane crashed through a fence in an attempted takeoff from Goddard field and plowed into a passing automobile.

Autonomy is believed to be the earliest science.

THE NEW IMPERIAL BANK BUILDING

is equipped with THERMOPANE GLASS

Thermopane Glass is a transparent insulating Glass Unit for windows and is composed of two lights of glass separated by 1/2" or 3/4" of dehydrated air space and is hermetically sealed around the edges with a patented metal-to-glass bond.

Thermopane gives greater year-round insulation. Thermopane is tested against dirt and moisture entering air space.

Thermopane gives clearer vision. The sealed in air is always dry. Thermopane has only two surfaces to clean. The interior surface cleans easily.

Thermopane and all other glass. SUPPLIED AND INSTALLED BY

PILKINGTON GLASS LIMITED

D. C. Howell Manages Bank

A veteran of 35 years' service with the Imperial Bank of Canada is the record of D. C. Howell, manager of the new south side branch which opens today.

During this period, Mr. Howell has served at 30 different branch offices. Eleven of them being in B.C., four in Alberta and 15 in Saskatchewan.

He took over management of the south side branch in November, 1938, on the retirement of J. M. Rimmer.

He began his service as a junior with the bank in Inverness, B.C., holding in the army he served two years overseas in the first Great War, returning to take a teller's post at Truro, Alta.

After a series of transfers he was appointed manager of the Wetaskiwin branch where he remained for several months before receiving his present appointment.

Married, he lives at 10522 85 Avenue. He has two children, a son, David, who is a fitter at the Alhambra branch, and a daughter, Joyce, who is at home.

He is a member of the Kiwanis club, the Kiwanis of the Alhambra branch, and a member of the Kiwanis of the Alhambra branch.

His favorite pastimes, fishing and golfing.

"Singer" Sam Dies

RICHMOND, Ind., June 14.—(AP)—Larry "Singer" Sam, 60, for almost two decades the "Singer" Sam, died here Saturday after suffering a heart attack at his home here.

Week-End Deaths

By The Canadian Press LONDON—Baron Thackeray of Thackeray, 74, one of the lords of the House of Lords.

TORONTO—Stanley Gilbert Tobin, 77, president of Glenora Gold Mining Ltd., and former member of the Alberta legislature.

OWEN SOUND, Ont.—William H. Waddell, 64, died here Saturday.

WIDEGE, Dr. J. M. Shaver, 72, retired superintendent of All Peoples' Mission.

TORONTO—Dr. George H. Ross, former teacher of O'Sullivan 50, war-time senior administration officer at St. Hubert RCAF station.

TORONTO—Jimmy Price, 57, cartoonist and creator of "Jumper Junction."

MONTREAL—Hon. Joseph Edouard Perreault, 74, former Quebec attorney general and member of the legislature for 23 consecutive years.

Thousands Witness Calgary Air Show

CALGARY, June 14.—(CP)—Thousands of Calgarians thronged to No. 10 RCAF Repair Depot, Saturday to witness the second annual celebration of Air Force Day.

They saw medium Mitchell bombers fly in low formation, acrobatics by a Havilland aircraft, the laying of smoke screens, a parachute drop, static displays of aircraft and equipment.

An actual attraction was an hour concert by the RCMP band. Major J. C. Watson spoke before the concert and paid tribute to Calgarians who gave their lives in the recent war.

Jet Will Make Ocean Crossing

LONDON, June 14.—(AP)—The first Atlantic crossing by jet aircraft is due within a few weeks, the air industry said yesterday.

RAF planes, Havilland Empire IIIs, are due to fly to Canada and the United States.

The air ministry reported the planes will take part in United States air force support and interception exercises under field conditions at the ninth tactical air force base at Greenville, S.C.

The six jet planes will fly in two formations, each led by a Mustang to assist in navigation. A third Mustang will fly ahead to investigate weather conditions along the route.

The flight will take the planes from their base at Odhams to Iceland, over Greenland to Labrador. They are expected to reach Montreal two days after taking off.

Carpenters Help Flood Sufferers

CALGARY, June 14.—(CP)—The head office of the International Brotherhood of Carpenters and Joiners at Indianapolis is undertaking relief work among its members who suffer damage in the British Columbia floods, William Page, of Vancouver, union representative, said here Saturday.

quo will fly ahead to investigate weather conditions along the route.

The flight will take the planes from their base at Odhams to Iceland, over Greenland to Labrador. They are expected to reach Montreal two days after taking off.

13 Hurt In Flash Fire Aboard Boat

TORONTO, June 14.—(CP)—Thirteen persons were injured in an explosion and flash fire which gutted a 28-foot cruiser Saturday night as it was moored at a dock at sea near the harbor on the lakefront.

The cruiser, valued at \$100,000, was a total loss. All injured were members of a private party invited to the harbor by Lieut. Charles Smith who had borrowed the power cruiser for the summer.

YOUR FRIENDLY STATION-DIAL 1260

Eisler Contempt Conviction Upheld

No. 1 American Communist Must Pay Fine, Go to Jail

WASHINGTON, June 14.—(BUP)—The U.S. Court of Appeals today upheld by a 2 to 1 vote the contempt of Congress conviction of Gerhart Eisler, alleged Communist secret agent in the United States.

PLAYS POSSUM, FOILS ROBBERY

NINE MILE HILL, Md., June 14.—(AP)—A quick-thinking restaurant operator foiled a robbery Sunday by playing possum.

Three men entered his place ordered coffee, then whipped out automatic pistols and notified patrons that "this is a stickup."

One of them fired a shot. The proprietor, James A. Werthman, dramatically dropped to the floor.

The bandits fled without any money. Werthman got up and surveyed the damage—a group of pulverized cakes on the counter.

"Red Dean" Attacks Atomic Support

CANTERBURY, England, June 14.—(AP)—Dr. Hewlett Johnson, the "Red Dean" of Canterbury cathedral, chided religious leaders today for being "morally behind scientists" in thinking about atomic bombs.

The Anglican Dean took sharp issue in a sermon with an archbishop's commission which expressed an opinion recently that the use of atomic bombs might be justifiable in certain circumstances, and that countries which possessed them ought not to destroy them.

"Surely it is a matter of shame that a responsible body in the Christian Church should urge retention of the bomb even for defensive purposes," the Dean said.

"Is this not another case of the fact that the consciences of the world and the ethical insight of the scientist threaten to be ahead in thought and action of organized religion?"

Eisler was cited for contempt last year when he refused to be sworn in for testimony before the House Un-American Activities Committee. At the time Eisler insisted on reading a statement before taking the witness stand.

FBI director J. Edgar Hoover has called the German-born Eisler the Number One International Communist agent in the United States.

Justice Bennett Champ Clark, writing the majority opinion, said our review of the record in this case has failed to disclose compelling reasons for reversing the judgment of the district court.

Eisler was fined \$10,000 and sentenced to one year in jail after his trial in federal district court here before Judge Alexander Holtzoff.

At the time of the trial Holtzoff overruled a demand by Eisler that he disqualify himself for prejudice and bias.

Tripoli Declares Emergency State

TRIPOLI, Libya, June 14.—(AP)—A state of emergency was declared in Tripoli yesterday because of continuing riots between Jews and Arabs.

The British military administration had troops take over security. At 7 p.m. curfew was imposed. Police said three Jews and four Arabs were killed and 11 Jews injured when fighting started after an argument Saturday between two Tunisian Arabs and a Jew.

\$80,000 Fire

PORT ALBERT, B.C., June 14.—(CP)—A \$80,000 fire gutted a sawmill at Sprout Lake, five miles from here Saturday and for a time threatened timber in a nearby area.

Rich Jap Arrested

TOKYO, June 14.—(AP)—The Kyodo news agency reported yesterday that Shigetoshi Ikeda, said to be the richest man on Kyushu, had been arrested on charges of black marketing cloth.

AURIOL TAKING NO CHANCES ON ANY DEAD BULL

BORDEAUX, France, June 14.—(AP)—President Vincent Auriol refused to gamble yesterday on the temper of a bull or the gentleness of Spanish bullfighters.

Auriol came here to inspect reconstruction work on the port. Plans were made for him to attend a bullfight nearby. Aides reminded him, however, that an old French law forbids public killing of bulls. If a bull died in the arena, they said, Auriol might be a party to a crime.

The bulls looked savage, they said, and the bullfighters fierce. So the president took no chances. Instead he took a nap.

But no bulls were killed.

Progress Made On Super Weapon

CANBERRA, June 14.—(Reuters)—Vital progress has been made in Australia along lines of research that could produce a super weapon, it was learned authoritatively here Saturday.

The weapon is understood to be a guided missile capable of carrying an atom bomb an immense distance.

The British government is urging more stringent secrecy requirements for scientists associated with the rocket range project in Central Australia and who have access to highly confidential information.

It is insisting on use in the rocket range project and relative developments only of scientists who will give unqualified assurances they will comply unhesitatingly with the secrecy requirements.

The British government is urging more stringent secrecy requirements for scientists associated with the rocket range project in Central Australia and who have access to highly confidential information.

It is insisting on use in the rocket range project and relative developments only of scientists who will give unqualified assurances they will comply unhesitatingly with the secrecy requirements.

STEAK AS LOW AS 5 CENTS-AN OUNCE

SYRACUSE, N.Y., June 14.—(AP)—Steak was selling in Syracuse Saturday for as little as five cents an ounce.

Housewives found signs in some markets announcing that the price of steak was five, six and seven cents an ounce. By the pound it means 80 cents, 96 cents and \$1.12.

Butchers explained that the reason for computing prices by the ounce was that their scales only register to the 60- or 80-cent mark.

Douglas Terms Slander Suit "Bluff"

WATROUS, Sask., June 14.—(CP)—Premier T. C. Douglas, describing Saskatchewan Liberal Leader Walter Tucker's \$100,000 slander suit against him as "just a bluff," predicted here Saturday it would be dropped after the provincial election June 24.

In a campaign address on behalf of James Harling, CCF candidate in the Watrous constituency, Douglas said he had heard a week or two ago such a suit would be launched if he referred to the Northern Investment and Mortgage Company.

Announcement by Tucker Saturday that he would sue Premier Douglas for defamation followed a campaign speech by the premier the previous day in which he was reported to have said the Liberal leader was being sued for allegedly fraudulently depriving some people of their farm lands.

In his address here, Douglas said: "I didn't want to make any more of this, but Mr. Tucker said there was no foundation in my statement."

The premier added that he was in the best position to lay charges—"if we are going to charge slander."

Airman Dead

MONTREAL, June 14.—(CP)—Sgt. Ldr. William G. (Billy) O'Sullivan, 56, wartime senior administration officer and adjutant at St. Hubert RCAF station died Saturday.

Dewey Prediction

NEW CASTLE, N.H., June 14.—(AP)—Governor Thomas E. Dewey of New York state last night predicted he would win the Republican presidential nomination "after not too many ballots."

BEFORE YOU BUY A TRUCK DRIVE A REO

Compare the massive, cold-rolled frames, and the heavy-duty construction in every chassis part.

DRIVE A REO...

See how Reo More-Load Design gives shorter turning radius—eases tight parking, handling in heavy traffic.

DRIVE A REO...

Note Reo's greater load capacity per inch of wheelbase—so each trip can pay maximum returns for operating cost and time.

DRIVE A REO...

Test the precision engineered Gold-Crown engine, built specially for trucks, to give more reserve power—and longer life because it is seldom taxed to capacity.

Before you buy a truck, drive a Reo! Sales and service are now available through a nation-wide organization of dealers and distributors. REO MOTOR COMPANY of Canada Ltd., Leaside, Toronto.
